## LANmark-OF Snap-In Adapter

**Description****Application**

LANmark-OF Snap-In adapters have been designed for snapping into the modular OF patch panels and ZD boxes. They are available in single SC, dual SC, LC duplex and MT-RJ version. The 2 Small Form Factor connector types offer double density, as two fibre connections are offered on the SC-type footprint. Installation time is saved as the snap-in concept replaces the time-consuming screwing attachment of coupling devices.

**Performance**

LC and SC versions are available in Multimode and Singlemode, MT-RJ is only available in Multimode.

**LANmark-OF****Standards**

**International ISO/IEC 11801**
